Not Applicable
(Former Name or Former Address, if Changed Since Last Report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (*see* General Instruction A.2. below):

Written communication pursuant to Rule 425 under the Securities Act (17 CFR 230.425)

Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)

Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))

Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 2.02 Results of Operations and Financial Condition

The following information, including the Exhibit to this Form 8-K, is being furnished pursuant to Item 2.02 - Results of Operations and Financial Condition of Form 8-K. This information is not deemed to be "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and is not incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On November 7, 2018, Protective Insurance Corporation (the "Company") issued a press release announcing the results of its operations for the quarter and nine months ended September 30, 2018. The Company also posted the press release, with additional financial and operating information for the quarter and nine months ended September 30, 2018, to its website. A copy of the press release, including such additional financial and operating information, is attached as Exhibit 99.1 to this Form 8-K and incorporated by reference into this Item 2.02 as if fully set forth herein.

Throughout its press release and in the conference call to discuss the results of its operations for the third quarter of 2018, the Company presents and will present its results and operations in the manner it believes will be the most meaningful, which includes some measures that are not based on accounting principles generally accepted in the United States (GAAP).

The Company's management uses the term *income (loss) from core business operations*, a non-GAAP financial measure, which is defined as *income excluding pre-tax investment gains and losses*. This financial measure is used to evaluate the Company's performance because the recognition of investment gains and losses in any given period is largely discretionary as to timing and could distort the analysis of trends. The Company believes equity analysts exclude gains and losses on investments in their analysis of the Company's results.

The combined ratios and the components thereof, as presented herein, are commonly used in the property/casualty insurance industry and are applied to the Company's GAAP underwriting results.

Item 9.01 Financial Statements and Exhibits

(d) Exhibits.

99.1 Protective Insurance Corporation press release dated November 7, 2018.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

PROTECTIVE INSURANCE CORPORATION ANNOUNCES RESULTS FOR THE QUARTER AND NINE MONTHS

Carmel, Indiana, November 7, 2018—Protective Insurance Corporation (formerly Baldwin & Lyons, Inc.) (NASDAQ: PTVCA, PTVCB) today reported results for the third quarter and first nine months of 2018. The Company produced a third quarter net loss of \$12.3 million, or \$0.82 per share, which compares to net income of \$7.4 million, or \$0.49 per share, for the prior year's third quarter. For the first nine months of 2018, net loss totaled \$9.5 million, or \$0.63 per share, which compares to net income of \$1.8 million, or \$0.12 per share, for the prior year period.

- *Gross premiums written increased 5.5% for the third quarter of 2018 compared to the prior year and 19.2% during the first nine months of 2018 compared to the prior year.*
- *Net investment income increased 38.5% for the third quarter of 2018 compared to the prior year and 28.8% during the first nine months of 2018 compared to prior year*
- *Combined ratio of 124.3% for the third quarter of 2018 and 107.2% for the first nine months of 2018.*

Net premiums earned for the third quarter of 2018 increased 8.6% to \$96.8 million compared to the prior year period. For the first nine months of 2018, net premiums earned increased 36.0% to \$314.2 million compared to the prior year period, which is a result of continued growth in the Company's commercial automobile and workers' compensation products, in both our retail and program distribution channels.

Gross premiums written for the third quarter of 2018 increased 5.5% to \$138.7 million compared to \$131.5 million written during the prior year period. As with net premiums earned, the increases were primarily driven by continued growth in the Company's commercial automobile and workers' compensation products in both our retail and program distribution channels. Gross premiums written for the first nine months of 2018 increased 19.2% to \$429.8 million compared to \$360.6 million written during the 2017 period, reflecting growth impacts similar to those experienced during the third quarter.

Underwriting operations produced a combined ratio of 124.3% during the third quarter of 2018 compared to a combined ratio of 99.3% for the prior year period. For the first nine months of 2018, the combined ratio was 107.2%, which compares to a combined ratio of 112.3% for the 2017 period. The increase in the combined ratio during both 2018 periods reflects: (1) a reserve strengthening of \$16.4 million, related to unfavorable prior accident year loss development in commercial automobile coverages, and (2) ceding an additional \$13.8 million in premium, related to variable premium adjustment provisions in our historical reinsurance treaties. This reserve strengthening was the result of increased claim severity due to a more challenging litigation environment, as well as an increase in the time to settle claims.

Commercial auto products covered by our reinsurance treaties are subject to an aggregate stop-loss provision. Once this aggregate stop-loss level is reached, for every \$100 of additional loss, the Company is responsible for \$25. The following table illustrates the financial impact of a further 5% or 10% increase in ultimate losses for the five most recent reinsurance treaty years (2013-2017) covering these commercial auto products:

	5% Increase in Ultimate Loss Ratio		10% Increase in Ultimate Loss Ratio	
Gross loss expense	\$	32.1	\$	64.2
Net financial loss		10.1		18.2
\$/share (after tax)	\$	0.54	\$	0.96

Net investment income for the third quarter of 2018 increased 38.5% to \$5.6 million compared to \$4.0 million in the prior year period. The increase reflected an increase in average funds invested resulting from positive cash flow, as well as higher interest rates, which led to higher reinvestment yields for our short-duration fixed income portfolio. Our fixed income investment portfolio continues to emphasize shorter-duration instruments. If there was a hypothetical increase in interest rates of 100 basis points, the price of our bonds at September 30, 2018 would be expected to fall by approximately 2.9%. Credit quality remains high with a weighted average rating of AA-, including cash. For the first nine months of 2018, net investment income increased 28.8% to \$16.0 million, compared to \$12.4 million in 2017, reflecting investment dynamics similar to those noted above.

Premium growth is continuing to have a favorable impact on our expense ratio, consistent with our stated strategy to leverage the Company's fixed expense base to improve the expense ratio over time. The 4.5% decline in the expense ratio during the first nine months of 2018 when compared to 2017 reflects this fixed expense leverage. Favorable prior accident year loss development from our workers' compensation products also positively impacted the expense ratio, due to increased ceding commission income from prior year contingent reinsurance contracts, which reduces expenses.

Book value per share as of September 30, 2018 was \$25.96, a decrease of \$1.18 per share during the third quarter, after the payment of cash dividends to shareholders totaling \$0.28 per share. For the first nine months of 2018, book value per share decreased \$1.87 after the payment of cash dividends to shareholders totaling \$0.84 per share.

The Company's net income (loss), determined in accordance with U.S. generally accepted accounting principles (GAAP) includes items that may not be indicative of ongoing operations. The following table reconciles income (loss) before federal income taxes (benefits) to underwriting income (loss), a non-GAAP financial measure that is a useful tool for investors and analysts in analyzing ongoing operating trends.

	Three Months Ended September 30		Nine Months Ended September 30	
	2018	2017	2018	2017
Income (loss) before federal income taxes (benefits)	\$ (15,569)	\$ 10,618	\$ (12,199)	\$ (384)
Less: Net realized gains on investments	449	3,446	1,740	7,019
Less: Net unrealized gains (losses) - equity securities and limited partnerships	1,924	2,498	(7,335)	8,515
Income (loss) from core business operations	\$ (17,942)	\$ 4,674	\$ (6,604)	\$ (15,918)
Less: Net investment income	5,578	4,027	16,010	12,434
Underwriting income (loss)	\$ (23,520)	\$ 647	\$ (22,614)	\$ (28,352)

Loss from core business operations, before federal income tax benefits, was \$17.9 million for the third quarter of 2018 compared to income from core business operations, before federal income taxes, of \$4.7 million during the third quarter of 2017. For the first nine months of 2018, loss from core business operations, before federal income tax benefits, totaled \$6.6 million compared to a loss from core business operations, before federal income tax benefits, of \$15.9 million during the 2017 period.

The Company's management uses the term *income (loss) from core business operations*, a non-GAAP financial measure, which is defined as *income before federal income taxes excluding pre-tax realized and unrealized investment gains and losses*. This financial measure is used to evaluate the Company's performance because the recognition of investment gains and losses in any given period is largely discretionary as to timing and could distort the analysis of trends.

The combined ratios and the components, as presented herein, are commonly used in the property/casualty insurance industry and are applied to the Company's GAAP underwriting results.

During the third quarter of 2018, the Company reallocated approximately \$24 million of equity securities into short-duration treasuries. This reallocation was consistent with investment activity during the first and second quarters and, for the first nine months of 2018, approximately \$98 million of equity securities were reallocated to short duration treasuries. These equity sales further solidified the conservative nature of our high quality, short duration investment portfolio; opportunistically utilized the new lower corporate tax rate of 21%, which was beneficial given the low tax basis of many of these equity positions; and were accretive to income, given the increase in yields at the shorter end of the yield curve.

Recently Adopted Accounting Standard

Accounting guidance for recognizing the mark-to-market change in our equity investments portfolio was revised in 2018 under FASB ASU 2016-01: Recognition and Measurement of Financial Assets and Financial Liabilities. As a result of the Company adopting this accounting standard update, effective January 1, 2018, equity portfolio investments are measured at fair value (i.e. marked-to-market) and any changes in fair value are recognized in net income through the Income Statement. Previously, the Company's equity portfolio securities, excluding those held within limited partnerships, were classified as available-for-sale and changes in fair value were recorded in other comprehensive income on the Balance Sheet.

Upon adoption of this ASU, cumulative net unrealized gains on equity securities of \$71.0 million, (\$46.2 million, net of tax), were reclassified within the equity section of the Balance Sheet from accumulated other comprehensive income to retained earnings. This adjustment had no overall impact on shareholders' equity, however since these net unrealized gains are now included within retained earnings, they will not appear as realized gains on the Income Statement when sold. During the third quarter of 2018, we sold \$30.1 million in equity securities resulting in a realized gain of \$5.7 million and during the first nine months of 2018, we sold \$117.7 million in equity securities resulting in a realized gain of \$50.8 million. Since the majority of this gain was already included in retained earnings on the Balance Sheet, that portion already included in retained earnings was not recognized within realized gains on the Income Statement.

Conference Call Information:

Protective Insurance Corporation has scheduled its quarterly conference call for Wednesday, November 7, 2018, at 11:00 AM EST to discuss results for the third quarter ended September 30, 2018.

To participate via teleconference, investors may dial 1-877-705-6003 (U.S./Canada) or 1-201-493-6725 (International or local) at least five minutes prior to the beginning of the call. A replay of the call will be available through November 14, 2018 by calling 1-844-512-2921 or 1-412-317-6671 and referencing passcode 13683310. Investors and interested parties may also listen to the call via a live webcast, accessible on the company's web site via a link at the top of the main Investor Relations page. To participate in the webcast, please register at least fifteen minutes prior to the start of the call. The webcast will be archived on this site until May 7, 2019. The webcast may be accessed directly at: <http://public.viaid.com/index.php?id=131365>.

Also available on the investor relations section of our web site is an investor presentation providing additional information to be reviewed in conjunction with our earnings call. We have also made available complete interim financial statements and copies of our filings with the Securities and Exchange Commission.

The accompanying unaudited condensed financial statements have been prepared in accordance with the instructions to Form 10-Q but do not include all of the information and footnotes as disclosed in the Company's annual audited financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included.

Forward-looking statements in this report are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Investors are cautioned that such forward-looking statements involve inherent risks and uncertainties. Readers are encouraged to review the Company's annual report for its full statement regarding forward-looking information.
